Re: South Carolina Disconnection Report for Service Terminations
Docket No. 2006-193-EG

Dear Mrs. Boyd:

In accordance with the request of F. David Butler dated January 13, 2005, enclosed is Duke Energy Progress, LLC's ("DEP") South Carolina Disconnection Report of Service Termination for the period of October 2017 through December 2017. DEP provides the following data and information:

- Number of accounts whose service was disconnected, either voluntarily or involuntarily, including the reason therefore, during the application period.
- Number of accounts disconnected daily for those categories that are known to be involuntary disconnections, (*i.e.* nonpayment of bill of deferred payment agreement and fraud or tampering).
- Average duration of service interruption. DEP is able to capture data on the duration of the interruption provided it can be confirmed that the reconnect is in the same name and at the same premise as the disconnect.
- DEP's Residential Delinquent Account Disconnection Procedures is attached to the Disconnect Report filed on October 14, 2015 and was provided to the Office of Regulatory Staff.

Please contact me if you have any questions.

Sincerely,

Rebecca J. Dulin
